ABOUT THE CBC PROGRAM

Ohio Bankers League (OBL) is pleased to sponsor the annual Community Bankers for Compliance Program (CBC). The CBC Program is the most successful and longest-running compliance training program in the country.

In today's constantly evolving regulatory environment, staying informed is crucial. The CBC Program keeps your bank ahead of the curve with up-to-date insights on ever-changing regulations and offers expert guidance for structuring and maintaining a robust in-bank compliance program. This program also fosters a collaborative environment, where compliance professionals can connect, share experiences, and exchange ideas with fellow community bankers.

CBC BASIC MEMBERSHIP

Basic membership to the CBC Program consists of the following:

QUARTERLY SEMINARS

A compliance seminar is provided each quarter. Each seminar begins with the Regulatory Update, which allows persons new to compliance and seasoned professionals to remain current regarding changes in the world of compliance. The main topic is selected based on the most recent industry and regulatory developments which may have an impact on community banks.

MONTHLY NEWSLETTERS

CBC Members receive the *Compliance Update* newsletter at the beginning of each month. The newsletter provides an update of compliance issues that impact community banks.

COMPLIANCE HOTLINE

Members of the CBC may call Young & Associates' toll-free number or visit their website for compliance questions that arise on a daily basis. Young & Associates has many qualified professionals available to answer your questions. This service ensures that your bank is just a phone call away from the information you need in order to answer your compliance questions.

CBC MEMBERS-ONLY WEB PAGE

This webpage (www.younginc.com/membership-login/) is reserved for banks that are registered members of the CBC Program. A shared user ID and password (case sensitive) are provided to each CBC Member annually. CBC Members have access to the latest information from the regulatory agencies on this page, in addition to the *Compliance Update* newsletters. This information can be used to enhance the regulatory compliance function at your bank.

CBC PREMIER PROGRAMS

In recognition of the rapidly changing regulatory landscape, OBL will once again offer the additional service for the coming year with the CBC Enhanced Program and Extended Regulatory Update. Please refer to the back page for more information.

WHO SHOULD ATTEND?

The focus of the CBC Program is always regulatory compliance. It is essential that your bank's compliance officer attend. However, because regulatory compliance should be approached from a team perspective, many banks find it extremely beneficial to send additional employees to sessions on topics that relate directly to their positions in the bank. These employees typically come from the customer service, lending, or operations departments in the bank. The CBC's pricing structure supports this team approach, offering significant savings for sending multiple attendees.

COMPLIANCE MANUALS

When attending a seminar, you should be focused on the material being presented. It is often too difficult to listen to a speaker and write detailed notes at the same time. For this reason, the CBC Program manuals are written in full narrative. This also enables the banker to take the materials to the bank as a reference to the regulations and as a training manual for other employees. Prior to the session, you will be sent the manuals electronically. You may print them or download them to your own electronic device for use at the session. We will not have extra copies available, unless previous arrangements have been made.

REGULATORY APPROVAL

The CBC Program has passed the test of regulatory scrutiny. The regulatory agencies have recognized the increased understanding and ability to deal with regulatory issues by those bankers who were CBC Members. Since then, the program has received approval from the regulatory agencies not only for its comprehensiveness, but also for its practicality. All programs will be available for CRCM credit through American Bankers Association (ABA).

PRACTICAL SOLUTIONS

Most community banks do not have the time or money to build elaborate compliance systems, but there is a solution. The CBC Program provides practical, user-friendly compliance techniques and explains how they can be related to all areas of compliance. For example, setting up compliance files, developing training programs, responding to the examinations, and resolving disputes are among the areas that are reviewed.

PARTICIPANT INTERACTION

The CBC Program is designed to assist members in getting timely answers to their questions. The program provides a forum where each bank can be an active participant, bringing their questions, concerns and compliance techniques for group review. This two-way flow of information increases understanding and improves the bank's effort toward a viable compliance program.
